FULL STACK DEVELOPER

Proficient in fullstack development, I am a skilled professional adept in HTML5, CSS, JavaScript, and PHP Laravel 8. Currently employed at Top Coach Indonesia (Tom MC Ifle), I undertake the responsibility of creating comprehensive web solutions. My role involves not only developing user-friendly interfaces utilizing HTML5, CSS, and JavaScript but also implementing robust backend functionalities using PHP Laravel 8 framework. My experience at Top Coach Indonesia has allowed me to refine my skills in both frontend and backend development, ensuring the delivery of seamless and efficient web applications.
